

HEALTHY MUSICIANS KEEP NEW ORLEANS MUSIC ALIVE!

RUN WITH US IN THE CRESCENT CITY CLASSIC

Greetings!

Building on last year's success of the team of musicians, health advocates, and professionals who ran the Crescent City Classic, Team NOMC is expanding this year. We are partnering up again with the Louisiana Campaign for Tobacco-Free Living, who is also working to keep the music scene healthy. In fact, that's the slogan we will be wearing on the light-weight team jerseys: **"I support a healthy New Orleans music scene."**

WDSU TV Interview in 2010 with Peter Harris

Here's what he had to say after last year's race!

Tobacco-Free Living](#)

Those musicians who register and run the race are eligible for NOMAF's \$100 Gig Fund honorarium for playing a couple jams near the race finish where your instruments will be waiting. Last year, about a dozen musicians rallied to make some music after running the race, including bassist Peter Harris, who was among the top 500 finishers. (See WDSU News interview on left.)

Register Now for the Crescent City Classic

Team NOMC Invited to NOMC Tent

As an added bonus, team members will have a special invitation to come by our tent in the sponsor-village and cool down with some refreshments.

First, click the logo link on the right to register for the race which will start at 7:30am on the Saturday before Easter, April 23, 2011.

[Click this logo to register!](#)

Once you have registered, please email us at Programs@NOMAF.org to officially join Team NOMC. That will get you on the list of up-to-date details including race logistics, training runs, and additional related gig opportunities that the NOMC/AF organizes for a healthier music scene!

Please be a part of this show of strength. Challenge colleagues, teachers, students, or even another band to help build a healthier music scene. If you can't join in, please spread the word and come out to support those who are running. This is a great way to show our public just how committed we are to nurturing one of our city's most important cultural resources, the musicians!

Thank you,

THE Team NOMC
