New Orleans Musicians Assistance Foundation Receives Grant

On September 21, 2007, the **New Orleans Musicians Assistance Foundation (NOMAF)** was named one of twenty-five organizations in the metropolitan New Orleans area to receive federal grant funding to provide individuals with medical and mental health care over a three year period. The grant is administered by the Louisiana Public Health Institute in partnership with the Louisiana Department of Health. [Read more.](#)

NOMC Celebrates 10 Years

In May 1998, the long-awaited dream of Johann and Bethany Bultman to provide preventative health care for New Orleans' beloved musicians was finally realized. Thanks to a partnership between the LSU Health Sciences Center, the Daughters of Charity Services of New Orleans, and the New Orleans Jazz & Heritage Festival and Foundation, the New Orleans Musicians' Clinic became one of the nation's first clinics devoted solely to musicians.

To kick-off our 10th anniversary celebration, the NOMC co-pay has been reduced to \$10. Please call today to schedule your appointment: (504) 895-5748.

You can help keep the music alive by making a donation.

Please make checks payable to **NOMAF** and mail to 1525 Louisiana Avenue, New Orleans LA 70115.

*The **New Orleans Musician Assistance Foundation** is a 501(c)(3) nonprofit organization whose mission is to keep our music ALIVE by sustaining Louisiana musicians in body, mind, and spirit through developing access to health and social services in collaboration with the New Orleans Musicians' Clinic.*
