

Help Us Reach Our
**GIVING
TUESDAY**
GOAL OF \$7,500
with a tax-deductible donation

Does music make you feel good?

At the **New Orleans Musicians' Clinic & Assistance Foundation**, we believe musicians, tradition bearers and cultural economy workers are the heartbeat of the city.

To keep that beat alive and strong, we operate the USA's **first and only** full-time medical clinic for performing artists. Regardless of their insurance status or ability to pay, our patients have access to primary and specialty services at the LSU Healthcare Network, including resources like lab work, electronic medical records, mental health counseling, prescription assistance, insurance counseling, case management, social services, and more.

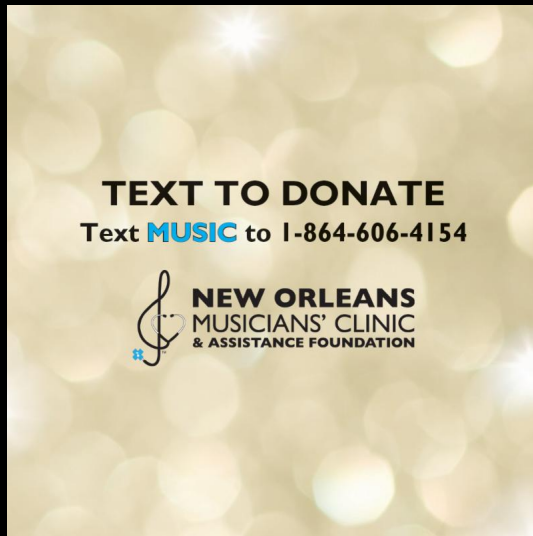

The Musicians' Clinic has served 2,500 patients through year-round healthcare and wellness for more than 20 years.

Our lifesaving offerings are helpful, compassionate,
and mission-driven.

If music makes YOU feel good,
help the musicians we serve FEEL BETTER.

Maintain this lifeline for New Orleans' cultural community with a 100% tax-deductible charitable donation today and help us meet our Giving Tuesday goal of \$7,500.00 by visiting NOMAF.org/donate text to donate or mail us a check.

Thank you!

**NEW ORLEANS
MUSICIANS' CLINIC
& ASSISTANCE FOUNDATION**

Volunteers Wanted!

Non-medical volunteers are needed to support outreach events and programming. Visit neworleansmusiciansclinic.org/volunteer to sign up!
