

We're in the final stretch of the 2019 Open Enrollment period. **Saturday, December 15, 2018** is the **last day** to sign up for health coverage for 2019 unless you qualify for a [special enrollment period](#).

Don't wait for an emergency - act NOW to get covered!

It's easier than you think. Health insurance can help you avoid serious health issues or manage them sooner by providing access to preventive care and a primary care doctor. It will help cover the cost of appointments, prescriptions and surgeries. You never know when you may need emergency care. With health insurance, you'll be covered if something comes up unexpectedly.

See below for information on enrollment and in-person enrollment assistance resources for those in the New Orleans area.
